

## **PREFACE**

I am pleased to provide this Statement of Vote to all Californians. This document reports voter registration and participation results for the November 2, 2004 presidential election as well as prior elections dating back to 1910.

The report contains the county-by-county totals of votes cast for the offices of President of the United States, United States Senator, United States Representative, State Senator (the odd-numbered districts), Member of the State Assembly, and for the statewide ballot measures.

**KEVIN SHELLEY**  
Secretary of State

## ABOUT THIS STATEMENT OF VOTE

### The Introduction

This Statement of Vote contains a wealth of information. In the introductory pages, you will find the voter registration and participation statistics reported by county for this election and statewide for past general elections starting with the November 8, 1910 election. Also included are the signature requirements for qualifying an initiative or referendum measure for the ballot, or a new political party to nominate state-level candidates. The voting systems used by the counties and a brief description of each one is next, followed by a brief discussion of the processes of electing the President, United States Senators, and members of Congress and the State Legislature. The last section in the introduction contains the summaries of votes cast for ballot measures alone and for all offices and measures on the statewide ballot.

### The Statement of the Vote

The Statement of Vote reports the county-by-county vote cast for each candidate and measure on the ballot. For example, in a statewide contest such as United States Senator, the vote is reported by all 58 counties, listed in alphabetical order with the statewide total at the bottom. Candidates are listed in party alphabetical order, major parties first, followed by the smaller parties; i.e., Democratic, Republican, American Independent, Green, Libertarian, Natural Law, and Peace an Freedom. Independent and write-in candidates are listed last.

<b>Percent</b>	64.4%	28.4%	4.6%	1.6%	1.0%	

The “Votes not Cast in Race” column, which appears in every statewide contest, indicates the number of voters who cast ballots in that district but did not vote in the contest. Votes not cast information for congressional and legislative contests is not provided in this Statement, but is available from the Elections Division at (916) 657-2166.

Ballot Measures are reported by county in alphabetical order, with results in “For,” “Against,” and “Votes not Cast” order.

Note 1: P indicates a presidential election year; S indicates a statewide special election.

Note 2: In 1911 women were given the franchise.

Note 3: In 1972, 18- to 21-year-olds were for the first time eligible to register and vote in a general election. The registration period was also extended that year by reducing the 54-day pre-election cut-off period to 30 days.

Note 4: In 1975, the cut-off period for registering to vote was reduced by the Legislature to 29 days prior to the election.

Note 5: In 2000, the cut-off period for registering to vote was reduced by the Legislature to 15 days prior to the election.

## **SIGNATURE REQUIREMENTS FOR QUALIFYING INITIATIVE AND REFERENDUM PETITIONS IN 2003, 2004, 2005, AND 2006**

(Based on the Number of Persons who Voted for the Office of Governor at the 2002 General Election)

### **INITIATIVE**

Often called "direct democracy", the initiative is the power of the people to propose statutes, amendments to the state constitution or general obligation bond measures for voter approval or rejection. An initiative statute requires the signatures of registered voters equal in number to 5% of the votes cast for all candidates for governor in the last general election to qualify for the ballot; an initiative constitutional amendment requires signatures equaling 8% of the gubernatorial vote. A qualified initiative is placed on the ballot at a regularly scheduled statewide election that occurs at least 131 days after the measure qualifies, or at a special election called by the Governor. Any initiative that qualifies after the 131-day deadline is placed on the next ensuing statewide ballot. The Legislature may amend or repeal initiative statutes, but must submit the amendment/repeal to a vote of the people, unless the initiative statute permits amendment or repeal without voter approval.

Number of Signatures Required for an Initiative Constitutional Measure: **598,105**  
[8 percent of 7,476,311 Cal. Constitution, Art. II, §8(b)]

Number of Signatures Required for an Initiative Statutory Measure: **373,816**  
[5 percent of 7,476,311 Cal. Constitution, Art. II, §8(b)]

### **REFERENDUM**

Referendum is the power of the people to approve or reject statutes adopted by the Legislature, except those that are urgency, that call for elections, or that provide for tax levies or appropriations for usual current expenses of the state. Citizens wishing to block implementation of a legislatively adopted statute must gather and have verified within 90 days of enactment of the bill signatures equal in number to at least 5% of the votes cast for all candidates for governor in the last gubernatorial election. A qualified referendum is placed on the ballot at a statewide election that occurs at least 31 days after the measure qualifies, or at a special election called by the Governor. The Legislature may amend or repeal referendum statutes.

Number of Signatures Required for a Referendum Measure: **373,816**  
[5 percent of 7,476,311 Cal. Constitution, Art. II, §9(b)]

**NEW POLITICAL PARTY QUALIFICATION REQUIREMENTS  
FOR THE 2004 AND 2006 PRIMARY ELECTIONS**

(Based on the Number of Persons who Voted at the 2002 General Election)

There are two methods by which political parties can qualify for official status and so be able to place candidates on the primary election ballot. The qualification deadline for either method is 135 days before a statewide primary in an even-numbered year, based on the registration totals as of the 154<sup>th</sup> day before the election.

1. **Registration.** By the 135-day deadline, a party must have obtained registrations equal in number to 1% of the total vote cast in the last gubernatorial election. The current registration requirement is:

New Political Party by Registration      **77,389**  
[1 percent of 7,738,821 Elections Code §5100(b)]

2. **Petition.** By the deadline, a party must have collected petition signatures of registered voters of any party equal in number to 10% of the vote cast in the last gubernatorial election. The current signature requirement is:

New Political Party by Petition      **773,883**  
[10 percent of 7,738,821 Elections Code §5100(c)]

To retain its official status, a party must:

1. maintain a registration level equal to 1/15 of 1% (0.00067) of the total registration of the state, **and**
2. have a candidate for statewide office (Governor, Lieutenant Governor, Secretary of State, Attorney General, Treasurer, Controller, Insurance Commissioner, or United States Senator) poll at least 2% of the vote for that office.

# **ELECTING THE PRESIDENT**

## **ELECTION OF THE PRESIDENT (The General Election and Electoral College)**

As in the primary, only the names of the candidates and their vice presidential running mates appear on the ballot. However, we are again not voting directly for the candidate, but for a slate of electors pledged to that candidate, who will, in turn, elect the President and Vice President when the Electoral College convenes in December.

The Electoral College is a body of citizens elected in each state to cast their ballots for President and Vice President of the United States. Elector numbers are allocated to the states based on each one's representation in Congress -- one elector for each of the two Senators, one for each member of the House of Representatives. California has 55 electoral votes because we have two Senators, 53 members of the House.

On the first Monday after the second Wednesday in December (December 13, 2004), the electors representing the party whose presidential slate carried the state assemble in the Assembly Chambers of the State Capitol at 2:00 p.m. to cast their votes, voting separate ballots for President and Vice President. The results are sealed and delivered to the Secretary of the United States Senate for transmittal to the President of the Senate; the Senate tallies the states' votes and officially declares the result to President.

Electors are paid \$10 plus mileage (5¢ per mile) for the round trip from their homes to the Capitol for the meeting of the Electoral College. Arrangements for the meeting are handled through the Governor's office.

### **What happens if the nationwide electoral vote is a tie?**

The House of Representatives makes the decision with each state having one vote. Representatives of at least two-thirds of the states must be present for the vote. If the House cannot decide by March 4, then the sitting Vice President becomes President and the person receiving the largest number of Electoral College votes for Vice President becomes Vice President.

### **How Electors Are Selected**

On or before October 1 of the presidential election year, each party's nominee must file with the Secretary of State a list containing the names, residence addresses, and business addresses of the 55 electors pledged to him/her.

Each party determines its own method for selecting electors:

Democratic Party: Each congressional nominee and each US Senate nominee (determined by the last two elections) designates one elector.

Republican Party: The nominees for governor, lieutenant governor, treasurer, controller, attorney general, secretary of state, United States Senators (again, going back two elections), the Senate and Assembly Republican leaders, all elected officers of the Republican state central committee, the national committeeman and committeewoman, the president of the Republican county central committee chairmen's organization, and the chair or president of each Republican volunteer organization officially recognized by the state central committee act as electors.

American Independent: Electors are selected at the party's nominating convention.

Green, Libertarian, Natural Law, and Peace and Freedom parties: Electors are selected at each party's nominating convention and must have a 50/50 ratio of men and women.

No incumbent Senators, congressional representatives or persons holding an office of trust or profit of the United States may serve as electors.

## UNITED STATES SENATOR

The United States Senate consists of 100 Senators, two elected from each of the 50 states to serve six-year terms. The Senate is divided into three classes, whose terms of office are staggered so that only one-third of the Senate is elected during any election year. Because of that, every third statewide election there is no United States Senate contest on the ballot. California's Senators are in Classes 1 and 3 and were elected in 2000 and again this year; there was no U.S. Senate contest in 2002.

## **UNITED STATES REPRESENTATIVE**

The United States House of Representatives has 435 members elected to serve two-year terms. The number of Representatives allocated to each state is determined by the state's population, as reported in the decennial census. Federal law requires the reshaping of congressional/legislative districts within each state following the census to reflect the changes in population and ensure that the "one-person, one-vote" mandate is obeyed. Since the 1879 State Constitution, the Legislature has been charged with the responsibility of reapportioning legislative, congressional and board of equalization districts. The elections and reapportionment committees of each house use the census tract maps supplied by the U.S. Bureau of the Census and precinct information supplied by the counties to realign the districts.

## **THE CALIFORNIA LEGISLATURE**

The California State Legislature consists of two houses:

The State Senate: the "upper" house is comprised of 40 Senators, each elected to four-year terms. As with the U.S. Senate, the terms of the Senators are staggered so that half the membership is elected every two years. The Senators representing the odd-numbered districts are elected in years evenly divisible by four; i.e., presidential election years. The Senators from the even-numbered districts are elected in the intervening even-numbered years, in the gubernatorial election cycle.

The State Assembly: the "lower" house is comprised of 80 members, who are elected to two-year terms and so are on the ballot at every regularly scheduled statewide election.

Both State Senators and Members of the Assembly are subject to term limits: two four-year terms for Senators, three two-year terms for Assembly members.

## **BALLOT MEASURES**

Ballot measures (propositions) reach the ballot in a number of different ways. They are:

### **Legislative Constitutional Amendment (LCA)**

An LCA is an amendment to the state constitution proposed by the Legislature. It must be adopted in each house of the Legislature by a two-thirds vote of the membership; it does not require the Governor's signature to be placed on the ballot. Once it has been adopted by the Legislature and chaptered by the Secretary of State, the measure is placed on the next statewide ballot that occurs at least 131 days from the date of chaptering.

### **Legislative Bond Measure**

Any bill calling for the issuance of general obligation bonds must be adopted in each house of the Legislature by a two-thirds vote of the membership, and signed by the Governor (or allowed to become law without the Governor's signature). It is subject to the 131-day qualification deadline.

### **Initiative**

The initiative allows citizens to propose statutes, amendments to the state constitution or general obligation bond measures for voter approval or rejection. To qualify for the ballot, an initiative statute requires the signatures of registered voters equal in number to 5% of the votes cast for all candidates for governor in the last election; an initiative constitutional amendment requires signatures equaling 8% of the gubernatorial vote. Initiatives are also subject to the 131-day qualification deadline. Any measure that qualifies after that deadline is placed on the next ensuing statewide ballot.

### **Referendum**

The referendum gives citizens the ability to approve or reject statutes adopted by the Legislature, except those that are urgency, that call for elections, or that provide for tax levies/appropriations for usual current expenses of the state. Citizens wishing to block implementation of a legislatively adopted statute must gather, within 90 days of enactment of the bill, signatures equal in number to at least 5% of the votes cast for all candidates for governor in the last gubernatorial election. A qualified referendum is placed on the ballot at a statewide election that occurs at least 31 days after the measure qualifies, or at a special election called by the Governor. The Legislature may amend or repeal referendum statutes.

### **Initiative Amendment**

Unless an initiative specifically allows for legislative amendment of its provisions, the Legislature must submit any amendment it proposes to a vote of the people. A legislative initiative amendment requires only a majority vote of each house, unless otherwise specified in the initiative, and must be signed by the Governor or allowed to become law without his/her signature. The 131-day qualification deadline applies. An initiative amendment may also be proposed by another initiative.

All statewide measures require a simple majority for passage.

State ballot measures are numbered consecutively in ten-year cycles; the current cycle began with the eleven measures on the November 1998 general election ballot.
