

PREFACE

This Report of Registration reflecting party affiliation by county and districts is authorized by Sections 458 and 6460 of the California Elections Code. It contains the registrations of record in the County Clerks' and Registrars of Voters' offices as of January 2, 1968 and certified to the Secretary of State on or before January 21, 1968.

The report reflects political party strength at the beginning of the election year in the various counties, cities, supervisorial, assembly, senatorial and congressional districts. Because we have been able to automate this report, instead of a separate listing by counties of the supervisorial districts and cities, the county subdivisions section now contains a complete accounting of all districts and cities under that county's name. A new section has also been added which lists all of the cities in the state alphabetically. You will also find many more percentage figures to assist in making comparisons.

Another purpose of this report is to determine which parties qualify for a partisan ballot in the Primary Election, June 4, 1968. The results of the certified figures from the counties show that the Democratic and Republican parties remain qualified. The figures also show that two new parties have qualified pursuant to Section 6430 of the Elections Code. In order to qualify, a party must have 66,059 persons registered affiliated with that party. The American Independent Party has 107,263 affiliations. The Peace and Freedom Party has 105,100 affiliations. A county by county listing is included in this report.

FRANK M. JORDAN
