## P R E F A C E

These Report of Registration statistics are compiled and issued under authority of Elections Code section 6460, and represent the number of registered voters in California as of December 31, 1985.

One purpose for this particular Report of Registration is to determine, pursuant to Sections 6430 and 6430.5, the parties qualified to participate in the June 3, 1986 primary election. The results of the certified counts from the counties show that the American Independent, Democratic, Libertarian, Peace and Freedom, and Republican parties remain qualified. Each of the four political bodies which declared its intention to qualify as a new political party, pursuant to Section 9950 and following, failed to achieve the required minimum registration of 80,644. Their actual registration counts, by county, are set forth on Page 4. There was no attempt to qualify a new political party by petition.

The next registration figures to be published will reflect the 29-day close of registration (May 5, 1986) for the primary election and will be published shortly before the primary.

Source data, from the Population Research Unit of the Department of Finance, was used to estimate each county's total population as of December 31, 1985. Subtracted from this total were: the estimated number of persons ineligible for registration because of age, felony convictions, and citizenship. The figures given are unofficial and represent our estimate of the eligible population.
