Note: The figures under the heading 'Eligible', the second column on Pages 1 through 2, represent our estimate of the number of people in California who are eligible to register to vote as of FEBRUARY 10, 1995.

Population estimate data from the Population Research Unit of the Department of Finance were used to estimate each county's total population. Subtracted from this total was the estimated number of persons ineligible for registration and voting because of age, felony convictions, and citizenship status. The number of non-citizens, aged 18 and over, is the number reported for each county by the Bureau of the Census in their summarization of the results of the 1990 Decennial Census. The figures given are unofficial but represent a reasonable estimate of the population eligible to register and vote in California elections.
