Preface

These Report of Registration statistics, compiled and issued under authority of Elections Code section 607, represent the number of persons registered to vote as of February 10, 1991.

These registered voter figures reflect the cancellation of the affidavits of registration for all nonvoters at the November 6, 1990 General Election who moved outside their county of residence or for whom any election-related mailing was returned by the Post Office as undeliverable.

The number of persons registered to vote in the November 6, 1990 General Election was 13,478,027, an increase of 496,598 over the 12,981,429 registered for the June 5, 1990 Primary Election. The current registration of 12,997,925 reflects a decrease in registration of 480,102 from that of last November, but is still 16,898 above the registration for the June primary election.

The next Report of Registration figures will reflect the registered voter population as of September 12, 1991 and will be published during October, 1991.

Registration by County	1
Registration by Political Subdivision by County	4
Registration by Congressional District	30
Registration by State Senate District	34
Registration by State Assembly District	38
Registration by State Equalization District	44

Note: The figures under the heading 'Eligible', the second column on Pages 1, 2, and 3, represent our estimate of the number of people in California who are eligible to register to vote as of February 10, 1991.

Population estimate data from the Population Research Unit of the Department of Finance were used to estimate each county's total population. Subtracted from this total was the estimated number of persons ineligible for registration and voting because of age, felony convictions, and citizenship status. The figures given are unofficial but represent a reasonable estimate of the population eligible to register and vote in California elections.
