PREFACE

This Report of Registration, prepared under authority of California Elections Code Section 6460, reflects voter registration as of October 8, 1979 (29 days before the statewide special election).

This registration figure of 10,006,957 voters, the highest for an off-year election and the third highest figure we have recorded for any election, is only the third time we have registered more than ten million voters. The 10,466,215 registered voters for the November 1972 presidential election remains the highest number ever registered to vote in California, but we are now within about one percent (123,029) of matching the 10,129,601 registered to vote in the November 1978 gubernatorial election.

The number of persons eligible to register to vote is estimated to be slightly more than 15,000,000.
