

P R E F A C E

These Report of Registration statistics for the 1984 presidential general election are prepared under authority of Elections Code § 6460, and represents voter registration as of October 9, 1984 (the last day to register to vote in the general election).

The number of persons registered to vote in this election, 13,073,630, is the greatest number of persons who have registered to vote in any previous election in California. The previous record registration figure was set by the 11,557,355 persons who were on the voter rolls for the November, 1982 gubernatorial general election.

An additional feature to this report is a summary which shows the numeric increase in the registration from the June primary to the November general.

The next registration figures to be published will reflect the purge of voters who have moved and did not vote in the general election and will be published about March, 1985.
