These Report of Registration statistics are compiled and issued under authority of Elections Code section 6460, and represent the number of persons registered to vote as of October 6, 1986, the close of registration for the November 4, 1986 General Election.

The number of persons registered to vote in this General Election, 12,833,920, is a five-percent increase over the 12,208,084 registered for the primary election. The record registration figure for a general election was 13,073,630, set in October, 1984.

The next Report of Registration figures will reflect the purge of voters who have moved and did not vote in the general election, and will be published in March, 1987.
