## Preface

These Report of Registration statistics are compiled and issued under authority of Elections Code section 607, and represent the number of persons registered to vote as of October 9, 1990, the close of registration for the November 6, 1990 General Election.

The number of persons registered to vote in this General Election, 13,478,027, is a 3.8 per cent increase over the 12,981,027 registered for the June 5, 1990 Primary Election.

The next Report of Registration figures will reflect the cancellation of the affidavits of registration for all nonvoters who moved outside their county of residence or for whom any election-related mailing was returned by the Post Office as undeliverable, and will be published in March, 1991.

Note: The figures under the heading 'Eligible', the second column on Pages 1, 2, and 3, represent our estimate of the number of people in California who are eligible to register to vote as of October 9, 1990.

Population estimate data from the Population Research Unit of the Department of Finance were used to estimate each county's total population. Subtracted from this total was the estimated number of persons ineligible for registration and voting because of age, felony convictions, and citizenship status. The figures given are unofficial but represent a reasonable estimate of the population eligible to register and vote in California elections.
